ABOUT SIYAK STEEL INTERNATIONAL

Engineering Quality. Delivering Trust.

Siyak Steel International is one of India's leading manufacturers, exporters, importers and stockists of stainless steel, duplex steel, super duplex steel, nickel alloys, titanium, carbon steel, alloy steel and other high-performance industrial metal products.

Founded by Mr. Narpal Siyak, the company was built on a vision of delivering world-class products backed by uncompromising quality, technical expertise and dependable customer service. Since the establishment of our manufacturing facility in 2013, we have remained committed to engineering excellence and complete customer satisfaction.

Our comprehensive product portfolio includes pipes, tubes, flanges, butt weld fittings, forged fittings, fasteners, sheets, plates, coils, round bars, structural steel products, valves, tube sheets, ferrule fittings and custom-engineered components - all manufactured in accordance with international standards such as

ASTM, ASME, ANSI, DIN, EN, BS, JIS and ISO.

Supported by advanced manufacturing facilities, rigorous quality control, experienced engineers and complete material traceability, we proudly serve customers across oil & gas, petrochemical, power generation, marine, pharmaceutical, construction, fertilizer, food processing and infrastructure sectors worldwide.

OUR STRENGTHS

MANUFACTURING EXCELLENCE

Advanced technology and precision manufacturing for superior quality.

GLOBAL SUPPLY NETWORK

Strong presence in domestic and international markets.

PRECISION ENGINEERING

Skilled professionals and modern machinery for accurate & reliable products.

EXTENSIVE INVENTORY

Large ready stock for quick turnaround and on-time delivery.

STRICT QUALITY CONTROL

Rigorous testing and inspection at every stage with complete material traceability.

CUSTOMER-FOCUSED SERVICE

Building long-term partnerships through trust, transparency and timely support.

WHY CHOOSE US

At Siyak Steel International, we combine advanced manufacturing, premium quality and customer-focused service to deliver **reliable industrial solutions worldwide.**

ONE-STOP SOLUTION

Manufacturer, Exporter, Importer & Stockist of wide range of stainless steel, carbon steel and alloy products under one roof.

PREMIUM QUALITY

High-quality raw materials sourced from reputed mills with strict quality control at every stage.

INTERNATIONAL STANDARDS

Products manufactured as per ASTM, ASME, ANSI, DIN, EN, BS, JIS and ISO specifications.

THIRD-PARTY INSPECTION

All products are 100% tested and can be supplied with third-party inspection certificates on request.

LARGE INVENTORY

Extensive ready stock ensures prompt dispatch and faster project turnaround.

CUSTOM MANUFACTURING

We manufacture as per customer drawings and specific technical requirements.

COMPETITIVE PRICING

Best quality products at competitive prices without compromising on quality.

TIMELY DELIVERY

Efficient logistics and global network ensure on-time delivery worldwide.

TECHNICAL SUPPORT

Experienced team providing complete technical support from enquiry to after-sales service.

“

We don't just supply products, we build long-term partnerships based on trust, transparency and performance.

- ✓ Trusted by customers across the globe
- ✓ Serving diverse industries with reliable solutions
- ✓ Commitment to quality, safety and sustainability
- ✓ Driven by innovation and continuous improvement

**Global Standards.
Reliable Solutions.

INFRASTRUCTURE

OUR PRODUCT PORTFOLIO

A comprehensive range of stainless steel, duplex steel, nickel alloys, carbon steel and high-performance industrial products.

01

PIPES & TUBES

Seamless / Welded / ERW Pipes & Tubes in stainless steel, duplex, nickel alloys, carbon steel & alloy steel.

02

SHEETS, PLATES & COILS

Wide range of sheets, plates & coils in various grades and thickness as per international standards.

03

ROUND BARS & RODS

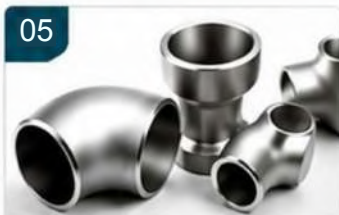

Precision-engineered round, square, hex & rectangular bars in stainless steel, alloy steel and more.

04

FLANGES

Complete range of forged flanges in all types, classes & standards with excellent finish and durability.

05

BUTTWELD FITTINGS

Elbows, Tees, Reducers, Caps & more in seamless & welded construction, available in all grades.

06

SOCKETWELD FITTINGS

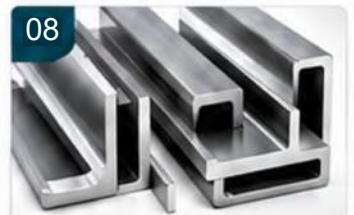

High-pressure forged fittings in socketweld & threaded types for reliable and leak-proof performance.

07

FASTENERS

Bolts, Nuts, Washers, Studs & other fasteners in stainless steel, carbon steel, alloy steel & non-ferrous metals.

08

ANGLES & CHANNELS

Structural angles, channels, beams & sections in various materials and sizes to meet your requirements.

09

TUBE SHEETS

Precision-manufactured tube sheets in carbon steel, stainless steel, alloy steel & high nickel alloys.

10

FERRULE FITTINGS

Instrumentation tube fittings in various configurations for high pressure and leak-free connections.

11

OLETS

Weldolets, Threadolets, Sockolets, Elbolets & more as per MSS SP-97 & international standards.

12

VALVES & SPECIAL PRODUCTS

Gate, Globe, Check, Butterfly Valves, Strainers and other special products for critical applications.

QUALITY ASSURED

Every product is tested to meet international quality standards.

MATERIAL TRACEABILITY

100% traceable materials with proper documentation and certification.

ON-TIME DELIVERY

Efficient logistics and strong supply chain ensure timely deliveries worldwide.

EXPERT SUPPORT

Experienced team providing complete technical support and reliable solutions.

PIPES, TUBES & SHEETS

We offer a comprehensive range of Pipes, Tubes, Sheets, Plates & Coils in a wide variety of materials, grades and specifications to meet the most demanding industrial applications.

KEY FEATURES

High strength, superior corrosion resistance and excellent durability.

Precise dimensions and smooth surface finish.

Manufactured as per international standards.

100% material traceability and test certification.

Secure packing and safe worldwide delivery.

AVAILABLE MATERIALS

- Stainless Steel
- Duplex & Super Duplex Steel
- Nickel Alloys
- Carbon Steel
- Alloy Steel
- Titanium
- Copper & Copper Alloys

MANUFACTURING STANDARDS

- ASTM / ASME
- ANSI
- DIN
- EN
- BS
- JIS
- ISO

PIPES & TUBES

Seamless / Welded / ERW pipes & tubes in round and square forms. Available in various schedules, sizes and standards.

SHEETS & PLATES

Offered in different thickness, width and length. Suitable for pressure vessels, heat exchangers, structural fabrication and more.

COILS

Precision slitting and edge cutting with consistent surface quality. Available in various finishes.

APPLICATIONS

Oil & Gas

Petrochemical

Power Generation

Chemical Processing

Marine & Shipbuilding

Pharmaceutical

Desalination

Food Processing

Construction

Infrastructure

COMMON GRADES WE SUPPLY

STAINLESS STEEL	304/304L/316/316L/321/347/310 / 904L

NICKEL ALLOYS	INCONEL 600 / 625 / 825 MONEL 400 / HASTELLOY C276 / ALLOY 20
CARBON STEEL	A53 Gr. B / A106 Gr. B/API 5L Gr. B, X42, X52, X60, X65, X70
ALLOY STEEL	P1/P5 / P9 /P11/P22/P91

GLOBAL SUPPLY

Trusted by clients worldwide.

QUALITY ASSURED

Stringent testing at every stage.

CUSTOM SOLUTIONS

Tailored to your project needs.

ON-TIME DELIVERY

Efficient logistics you can rely on,

FLANGES, BUTTWELD & SOCKETWELD FITTINGS

Engineered for strength, precision and leak-proof performance, our flanges and fittings are manufactured to international standards for critical piping applications.

01 FLANGES

Wide range of forged flanges including Weld Neck, Slip On, Socket Weld, Blind, Lap Joint, Threaded and Spectacle Blind Flanges.

TYPES

- Weld Neck (WN)
- Slip On (SO)
- Socket Weld (SW)
- Blind (BL)
- Lap Joint (LJ)
- Threaded (TH)
- Spectacle Blind (SP)
- Orifice (OR)

STANDARDS

ASME B16.5, ASME B16.47 Series A & B, MSS SP-44, DIN, EN, BS, JIS

02 BUTTWELD FITTINGS

Seamless & welded fittings including Elbows, Tees, Reducers, Caps, Stub Ends and Crosses for high-pressure piping systems.

TYPES

- Elbow (45° / 90° / 180°)
- Tee (Equal / Reducing)
- Reducer (Concentric / Eccentric)
- Cap
- Stub End
- Cross
- Return Bend

STANDARDS

ASME B16.9, MSS SP-43, DIN 2605 / 2616, EN 10253, JIS B2311

03 SOCKETWELD FITTINGS

High-pressure forged fittings with socket weld bores for small diameter and high-pressure piping applications.

TYPES

- 90° Elbow
- 45° Elbow
- Tee (Equal / Reducing)
- Coupling
- Union
- Half Coupling
- Boss
- Plug / Bushing

STANDARDS

ASME B16.11, MSS SP-83, BS 3799, DIN 2986, ISO 4144

Secure packaging and on-time global delivery

BARS, FASTENERS & STRUCTURAL STEEL

We supply a wide range of round bars, structural steel products and industrial fasteners in various materials and specifications to suit diverse engineering requirements.

High Quality
Reliable Strength
Global Standards

01 ROUND BARS & RODS

Precision-engineered round bars and rods in different diameters and lengths with excellent dimensional accuracy and finish.

FORMS

Round Square Hex

MATERIAL GRADES

- Stainless Steel: 304/304L/316/316L/321/310S
- Duplex & Super Duplex: 2205 / 2507 / 31803 / 32760
- Nickel Alloys: Inconel 600/625/825, Monel 400 / K-500, Hastelloy C276, Alloy 20
- Carbon Steel & Alloy Steel
- Titanium & Copper Alloys

STANDARDS

ASTM A276 / A479 / A182, ASME SA276 / SA479, EN 10088, DIN, JIS

02 INDUSTRIAL FASTENERS

A complete range of bolts, nuts, washers, studs and threaded bars in metric and imperial sizes with superior strength and corrosion resistance.

TYPES

Bolts Nuts Washers Studs Anchor Bolts

MATERIAL GRADES

- Stainless Steel: 304 / 304L / 316 / 316L / 321
- Duplex & Super Duplex: 2205 / 2507
- Nickel Alloys: Inconel, Monel, Hastelloy
- Carbon Steel: Grade 4.6 / 8.8 / 10.9 / B7 / B16
- Brass, Copper & Alloy Steel

STANDARDS

ASTM F593 / F594 / A193 / A194 / A320 / A325 / A490, DIN, ISO, BS, EN

03 STRUCTURAL STEEL

Structural steel products for construction, fabrication and heavy-duty applications available in various shapes and sizes.

TYPES

I-Beams Angles Channels Rectangular Hollow Sections Rounds

MATERIAL GRADES

- Carbon Steel: A36, A572 Gr. 50 / 60, A992
- Stainless Steel: 304/316/316L
- Alloy Steel
- Structural Tubes: ERW / Seamless

STANDARDS

ASTM A36 / A572 / A992, EN 10025, JIS G3101, IS 2062, DIN

KEY FEATURES

- High strength and load-bearing capacity
- Excellent corrosion and wear resistance
- Accurate dimensions and smooth finish
- Manufactured as per international standards
- Available in custom sizes and specifications
- Ready stock and timely global delivery

VALVES & SPECIAL PRODUCTS

We supply a wide range of industrial valves, tube sheets and custom-engineered products for critical flow control and heat transfer applications across various industries.

KEY FEATURES

-  Precision engineered for reliable and leak-proof performance
-  Manufactured as per international standards and client specifications
-  Excellent corrosion, pressure & temperature resistance
-  Rigorous testing for quality, safety and durability
-  Available in various sizes, materials and end connections

01 INDUSTRIAL VALVES

Wide range of valves for on/off and flow regulation applications.

- Gate, Globe & Check Valves
- Ball Valves
- Butterfly Valves
- Needle & Plug Valves

02 TUBE SHEETS

Precision-manufactured tube sheets for heat exchangers, condensers and pressure vessels.

- Drilled, Rolled & Expanded
- Custom Hole Patterns
- Various Thickness & Materials
- High Dimensional Accuracy

03 FERRULE & INSTRUMENTATION FITTINGS

High-quality fittings for instrumentation and high-pressure applications.

- Tube Fittings
- Ferrule Fittings
- Bulkhead Fittings
- Needle Valves

04 CUSTOM & SPECIAL PRODUCTS

Custom-engineered components as per drawings and specifications.

- Machined Components
- Special Flanges & Fittings
- Non-standard Items
- Project-specific Solutions
